*HSC Briefings*

Mr. James A. Wilderotter  
Associate Counsel to the President  
Room 182  
Old Executive Office Building  
Washington, D.C.

Dear Mr. Wilderotter:

At the explicit request of Chairman Nedzi, we have arranged a low key, non-sensitive, basic briefing on CIA for three or four members of the staff of the becalmed House Select Committee on Intelligence. It will take place on the Hill, Monday, 7 July 1975.

The purpose, as I understand the Chairman's aim, is to provide a modicum of non-sensitive staff activity pending resolution of the Committee's status. If the members find it educative, we may also arrange a similar elementary briefing on the Intelligence Community to help place CIA in context.

I trust you will inform the HSC staff of this as appropriate.

Sincerely,

  
Assistant to the Director
